

Strategic Plan 2023-2025

Banyan House is a residential Therapeutic Community located in Darwin, Northern Territory offering rehabilitation and support for people recovering from alcohol and drug addictions and any co-occurring mental health disorders

Vision

To provide hope, build self-respect, and provide opportunities for rehabilitation within the community to people affected by drug and alcohol abuse

Mission

To provide people affected by drug and alcohol abuse with residential-based rehabilitation within a contemporary therapeutic community-based model of care, and to work with people to manage the risk of return to harmful use

We value

Inclusivity - Evidence-based practice – Accountability – Partnerships – Empathy
Leadership – Collaboration - Professionalism

We provide

Residential rehabilitation programs - Residential supported withdrawal programs
Alcohol and drug assessments - Courts and Police diversion programs - Outreach services
Education and information

Strategic Directions

Communication & Engagement

Maintain our therapeutic integrity by engaging with our stakeholders including our funders

Quality

Continue to focus on quality assurance and research including our ongoing quality accreditations and managing risk

Workforce

Ensure our workforce is appropriately qualified, culturally competent and succession planned

Advocacy

Continue to demonstrate and enhance our position as an advocate on key issues affecting our community

Sustainability

Continue to focus on maintaining our grant funding, exploring future options and ensuring appropriate, fit for purpose infrastructure

Marketing

Actively market and promote our services to ensure maximum visibility and impact and accessibility to the service
